

ALEX MORGAN

Software Engineer

Bengaluru, India

alex.morgan@example.com | +1 202 555 0147
example.com | LinkedIn: your-name | GitHub: your-name

Summary

Software engineer with five years of experience building reliable web applications. Combines thoughtful product design with maintainable APIs, accessible interfaces, and practical performance improvements. Enjoys mentoring engineers and contributing to open-source tools.

Experience

Northstar Labs

Senior Software Engineer

2023 – Present

Bengaluru, India

- Led a team of four engineers delivering a customer analytics platform used by 8,000 monthly active users.
- Reduced API response times by **38%** through query optimization, caching, and performance monitoring.
- Introduced accessible component patterns and review guidelines across three product teams.

Meridian Systems

Software Engineer

2021 – 2023

Remote

- Built and maintained REST APIs and responsive interfaces for a subscription management product.
- Automated release checks, reducing deployment preparation from two hours to twenty minutes.
- Partnered with designers and support teams to improve onboarding completion by **24%**.

Projects

Open Workspace

TypeScript, React, Python, PostgreSQL

<https://example.com/workspace>

2024 – Present

- Created an open-source workspace for organizing applications, documents, and project notes.
- Added keyboard navigation, full-text search, and exportable reports.

Community Data Explorer

Python, FastAPI, public datasets

<https://example.com/explorer>

2023

- Published an interactive dashboard that makes local public data easier to search and understand.

Education

Central Institute of Technology

B.Tech. in Computer Science

2017 – 2021

Bengaluru, India

Graduated with distinction. Coursework in algorithms, databases, and human-computer interaction.

Additional Information

Technical skills: Python, TypeScript, React, Next.js, FastAPI, PostgreSQL, Git, Docker

Languages: English (professional proficiency), Hindi (native)

Training: Cloud Architecture Foundations, 2024

Awards: Engineering Impact Award, Northstar Labs, 2024
